SOLAR FINANCING SERVICE

As part of our vision to make solar energy more accessible and affordable, we offer Solar Financing to the general public in partnership with registered financial service providers. This allows our Approved Solar Installers to offer our finance solution to their customers as an alternative payment option that does not demand a large upfront capital investment.

Registering as an Approved Solar Installer with Solar Europe gives you access to this solution. You must complete and sign some additional documentation to use our solar financing service. This documentation includes:

- Solar Finance Procedure: This procedure outlines the steps to be followed for any new solar finance inquiries you might receive or for any leads we may refer to you.
- Stock Release Agreement: Keeping in mind that all parties will only be paid after the Certificate of Compliance (COC) and Service Level Agreement (SLA) has been finalized, we are taking a risk by sending stock without being paid. This agreement outlines the terms and conditions of a stock release situation.
- Solar Financing Terms & Conditions: These are the T&Cs of any Solar Financing transaction that covers initial application, site assessment, quoting, installation, COC, SLA, payments, and warranty claims.

RESIDENTIAL / INDIVIDUAL APPLICATIONS:

Our financial partners set out these terms and rates, which are out of our control.

To qualify, the applicant must:

- Be between 25 and 62 years of age;
- Be a South African citizen;
- Be the owner of the house;
- Earn a monthly gross income of no less than ZAR40,000

COMMERCIAL / CORPORATE APPLICATIONS:

Our financial partners set out these terms and rates, which are out of our control.

To qualify, the company must:

- Be in incorporation for 3 years;
- The company or shareholders must own the property;
- The company requires a minimum revenue of R2m per annum

GENERAL TERMS AND CONDITIONS

COMPANY DESCRIPTION

Solar Europe is a wholesale business based in Pretoria, South Africa, specializing in importing, manufacturing and distributing Inverters, Batteries, Solar Panels, Switchgear, Cabling, Mounting Systems, and other solar and electrical-related products. We serve Installers, Resellers, Wholesalers, and the general public across Southern Africa, which includes, but is not limited to the Southern African Development Community (SADC) countries. Solar Europe also offers services including inverter and battery repairs, battery recharge, installation, site inspections, certificate of compliance (COC), product training, financing, credit facilities, and local, national, and international deliveries. Our physical address is 541 Lavender Road, Onderstepoort, Pretoria, 0110, South Africa.

QUOTATION VALIDITY

Official Quotations are valid for 24 hours or while stock lasts. Pricing and stock availability are subject to change without notice. Clients should confirm pricing and availability with their sales consultant for quotations older than 24 hours before making payment.

PAYMENT

Solar Europe accepts payments via Electronic Funds Transfer (EFT), Debit Card, and Credit Card. EFT payments must reference the Solar Europe Quotation number and be reflected in our bank account before goods are released. For non-First National Bank customers, immediate clearing is recommended. Goods will not be released based solely on proof of payment due to online payment fraud risks.

The online retail portal does not process Debit Cards or Credit Cards. Card payments can be made in-store at Solar Europe. Banking details are included on all quotations, and a Bank-generated verification can be provided on request.

SECURITY DISCLAIMER FOR EMAIL COMMUNICATIONS

Quotations and Invoices are sent via encrypted email using 128-bit SSL technology by Intuit QuickBooks. While secure, Solar Europe cannot guarantee against interception or modification of email messages. Clients are advised to verify banking details by contacting our offices directly to mitigate the risks of fraudulent transfers.

DELIVERY & COLLECTION POLICY

Solar Europe offers local, national, and international delivery via third-party service providers at an additional cost. Delivery or collection by any third-party service providers, arranged by Solar Europe or the client, is at the client's risk. Solar Europe assumes no responsibility for Damages, Losses, Theft, or Delays.

Delivery times are estimates and subject to external factors beyond our control. Third-party service providers collecting goods must provide a Solar Europe Quotation or Invoice Number for reference.

Goods can be collected in person at our warehouse.

RETURN, REFUND & EXCHANGE POLICY (EXCLUDING WARRANTY CLAIMS)

Goods and services provided by Solar Europe are subject to availability. Electrical goods or components cannot be returned for refund or store credit unless approved by Management, subject to a 15% administration fee. Costs incurred for return delivery or collection will be deducted from the refund or store credit total.

Special order items and electrical goods cannot be exchanged. Store credit cannot be converted to EFT payment unless approved by Management.

WARRANTY CLAIMS

Solar Europe does not carry any warranties on any product supplied other than those manufactured by Solar Europe as stipulated on the product's brochure/data sheet/warranty card available on the online retail portal.

Standard manufacturer's warranty applies as stipulated on the product's brochure/data sheet/warranty card (available on the manufacturer's website) to all equipment and material supplied by Solar Europe. The product warranties are subject to the manufacturer's discretion and terms and conditions. Should a product fail, it is your and/or the installer's responsibility to remove the affected product and return it to the manufacturer's repair/warranty centre for assessment. The general lead time for assessments at Solar Europe's repair centre is 8 to 10 working days. Once the report has been received and the repair centre advises if repairs will be under warranty or payable, you will be notified. Solar Europe has no control over the repair time of the product returned and will only be able to provide you with regular updates during this time. Should the failure be due to misuse, negligence, tampering, or any other condition not related to the product quality, the client/installer/end-user will be charged accordingly for the repair/replacement of the product.

All product warranties are excluded from any abuse or self-inflicted damage by the client, malicious damage, fire, natural disasters, or any "act of God". Solar Europe will not be liable for any damage or losses to property or loss of income due to delays or factors which is out of our control.

CONFIDENTIALITY

All information provided by an employee of Solar Europe or its subsidiaries and/or partners, whether in a quote, invoice, email, WhatsApp message, verbal communication, or written letter, is to be treated as confidential. This information may not be disclosed, shared, or distributed to any third party without the express written consent of Solar Europe.

Confidential information includes but is not limited to, pricing details, project-specific diagrams, drafts, tables, calculations, and any other information that is not publicly available. This confidentiality obligation remains in effect indefinitely, regardless of the status of any business relationship with Solar Europe.

Failure to comply with this confidentiality requirement may result in the immediate termination of your account with Solar Europe and the revocation of your access to our services. Solar Europe reserves the right to pursue further legal action should the breach of confidentiality result in damages or losses to the company.

WEBSITE TERMS OF USE

ABOUT THESE TERMS

This is an introductory version of these Terms. The full version of these Terms can be found on our Client Zone via the following link: <https://retrotech01.wixstudio.io/clientzone/terms-of-use>

These Terms govern your use of Solar Europe's online retail portal (Online Store) and online Client Zone hereinafter referred to as our "Websites". It is imperative that you read these Terms, along with any other documents referenced herein, thoroughly. You may only use the Websites if you agree to comply with these Terms. By accessing or using the Websites in any capacity, you acknowledge and accept these Terms, and thereby agree to be bound by them. This acceptance is effective from the moment you first access the Websites. Should you disagree with any provision of these Terms, we advise that you refrain from using the Websites in any manner.

IMPORTANT INFORMATION REGARDING THESE TERMS

These Terms include provisions that limit our legal liability and impose responsibilities on you for various actions. Some of these provisions may restrict your legal rights and place obligations upon you as a result of your agreement to these Terms of Use. You can locate these provisions in the Liability section below. The content on these Websites, as well as the Websites itself, is made available to you for specific purposes. We outline acceptable and unacceptable uses of these Websites and their content in the Website Use section below. Therefore, it is essential that you familiarize yourself with these provisions before accessing the Service. Please refrain from accessing the Service if you do not agree to comply with these provisions.

LEGAL AGE & CAPACITY

You may not use the Websites or accept these Terms if you:

- Lack the legal capacity to enter into a binding contract with Solar Europe and/or its affiliates;
- Are prohibited from accessing or using these Websites under the laws of your country of residence or from which you access these Websites;
- Require the consent of a guardian or parent to legally agree to these Terms and have not obtained such consent.

By using the Websites and/or its Content, you represent and warrant that you are of full legal age, are emancipated, or have obtained your guardian's consent to enter into a contract under these Terms.

CHANGES TO THESE TERMS

Solar Europe reserves the right, at its sole discretion, to amend these Terms at any time and in any manner. By using the Websites, you agree that Solar Europe may implement such amendments. The amended Terms will be published on these Websites and will take effect immediately upon publication. It is your responsibility to review these Terms regularly and ensure your agreement with any amendments. If you do not agree with any changes to these Terms, you must discontinue using the Websites.

SIGNATURE

By signing this document, you confirm that you read, understood, and agree to be bound by these Terms of Use for the use of any online platform of Solar Europe, whether official or unofficial.

SOLAR FINANCE PROCEDURE

HOW TO APPLY FOR SOLAR FINANCING

All end-users must submit an application via our Client Zone which can be accessed through our online store. When in the Client Zone, hover over “For End-User” select “Solar Financing” and select the appropriate option.

SEND INFO TO BANKS

After receiving the new application, Solar Europe will send the application information and the chosen package’s basic quote to all partnered registered credit providers for pre-approval.

PRE-APPROVAL

- Pre-Approved: Where one or more of the banks pre-approves the client.
- Denied: Where none of the banks pre-approves the client.

ARRANGE SITE ASSESSMENT

If the client lists an installer on their application, Solar Europe will confirm if the installer is an Approved Solar Installer. If the installer is an Approved Solar Installer, the installer will be notified and provided with the necessary information to arrange a site assessment. The installer must contact the client to arrange a time and date for the site assessment.

SITE ASSESSMENT

The installer must conduct a thorough site assessment to establish an understanding of the client’s energy needs and ensure that nothing is overlooked.

DRAFT DETAILED QUOTE

Solar Europe and the installer will collaborate to draft a detailed quote based on the site assessment.

The quote must include:

- All material that will be supplied by Solar Europe:
 - o Inverter/s, Batteries, Solar Panels, Mounting Structure, Pre-Built DBs, etc.
- The installer’s fees
 - o Consumables
 - o Travel Charges
 - o Installation/Labour Fees
- Independent Electrician’s fee for COC
- Delivery of stock to the site (if required)

CONFIRMATION OF DETAILED QUOTE

The detailed quote will first be sent to the installer for confirmation. The installer is responsible for ensuring that the quote is correct and liable for any additional charges for items, labour, or expenses not quoted.

SEND DETAILED QUOTE TO BANK

The detailed quote will be sent to a bank of Solar Europe’s choice that did pre-approve the client. If the chosen bank does not approve the client for finance, the detailed quote will be sent to the next bank of Solar Europe’s choice that did pre-approve the client.

FINAL FINANCE APPROVAL

If the chosen bank does not approve the client for finance, the detailed quote will be sent to the next bank of Solar Europe’s choice that did pre-approve the client. If all banks deny the client final finance approval, finance is denied and the transaction ends.

FINANCE AGREEMENT

If the client is approved, the bank will contact the client to arrange a time and date to sign the finance agreement. This is an agreement between the bank and the client only.

RECEIVE GO-AHEAD

After signing the finance agreement with the client, the bank will notify Solar Europe and give the go-ahead.

INVOICING

After receiving the go-ahead, Solar Europe will convert the detailed quote into an invoice and have the stock picked and packed into a container.

STOCK COLLECTION / DELIVERY

If delivery is quoted, the stock can be delivered on a date provided by the installer. The installer and client must be present during delivery to sign the delivery note. If delivery was not quoted, it is the installer's responsibility to collect and safely deliver the stock to the site.

SCHEDULE INSTALLATION DATE

This will most likely be the same date as stock collection/delivery. It is the installer's responsibility to arrange an installation date with the client.

INSTALLATION

A qualified electrician either contracted to or employed by the "Installer Company" must be on-site at all times during the installation time. The installation has to comply with all relevant South African National Standards (SANS) regulations regarding solar and electrical installations.

COMMISSIONING

The installer has to ensure that all aspects of the installed system work as intended before the COC can be scheduled for issuance.

COC & SLA

After the commissioning of the system, a date has to be arranged for the issuing of the COC and signing of the SLA. If for any reason the independent electrician finds that he/she cannot issue the COC, it is the responsibility of the installer to rectify any fault/problems at his/her own cost.

SIGNATURE

By signing this document, you confirm that you read, understood, and agree to strictly abide by the steps laid out in this Solar Finance Procedure for all solar financing dealings with Solar Europe whether directly or indirectly.

SOLAR FINANCE TERMS & CONDITIONS

INTRODUCTION

These terms and conditions ensure that all parties involved understand their responsibilities and the legal implications of the agreement, providing a clear framework for the provision and maintenance of financed solar systems.

PRODUCT WARRANTIES

Solar Europe does not carry any warranties on any product supplied other than those manufactured by Solar Europe as stipulated on the product's brochure/data sheet/warranty card available on the online retail portal.

Standard manufacturer's warranty applies as stipulated on the product's brochure/data sheet/warranty card (available on the manufacturer's website) to all equipment and material supplied by Solar Europe. The product warranties are subject to the manufacturer's discretion and terms and conditions. Should a product fail, it is your and/or the installer's responsibility to remove the affected product and return it to the manufacturer's repair/warranty centre for assessment. The general lead time for assessments at Solar Europe's repair centre is 8 to 10 working days. Once the report has been received and the repair centre advises if repairs will be under warranty or payable, you will be notified. Solar Europe has no control over the repair time of the product returned and will only be able to provide you with regular updates during this time. Should the failure be due to misuse, negligence, tampering, or any other condition not related to the product quality, the client/installer/end-user will be charged accordingly for the repair/replacement of the product.

All product warranties are excluded from any abuse or self-inflicted damage by the client, malicious damage, fire, natural disasters or any "act of God". Solar Europe will not be liable for any damage or losses to property or loss of income due to delays or factors which is out of our control.

FINANCING PACKAGES

All packages displayed on Solar Europe's website are exclusive of VAT. Pricing is based on a 7-year repayment period and is subject to site assessment, stock availability, and final finance approval. The repayment period may vary from 3 to 7 years, depending on the client's final decision. Finance applications can be made for residential (home/individual) or commercial and industrial (corporate/business) purposes on the appropriate pages. Pre-approval is required through a registered financial service provider before the installer will do a site assessment

SITE ASSESSMENT & QUOTATION

Upon finance approval:

- Solar Europe's approved and trusted solar installer will arrange a time and date for site assessment.
- Solar Europe and the installer will draft a detailed quote based on the site assessment.
- The installer is responsible for accurately assessing the site and providing detailed insight on required materials.
- The installer will provide an installation/labour fee, travelling charge, and consumables fee for the specific job.

INSTALLATION & CERTIFICATION

Following final finance approval, the installer will schedule a date for system installation. A qualified electrician employed or contracted by the installer must be on-site at all times until the installation, commissioning, certificate of compliance (COC) and service level agreement (SLA) are finalised. The installer's electrician cannot issue their own COC. Solar Europe's appointed independent electrician will issue the COC. If unavailable, an alternative independent electrician, not contracted to the installer, may be suggested to issue the COC. The electrician's rates will be included in the quote and are not at the installer's expense. The SLA will be a binding agreement between Solar Europe, the installer and the client. The installer must provide a workmanship warranty for the duration of the customer's repayment terms, up to 7 years.

WARRANTY CLAIMS & FAULTS

All warranty claims are subject to investigation and faults reporting. The installer may require a call-out fee before assessment. If the fault is due to the installer's workmanship, the installer will rectify all faults at his/her expense and refund the call-out fee in full. If the fault is due to the product itself, the installer will return the product to Solar Europe's repair centre, which will take the necessary steps to resolve the issue. Failures due to misuse, negligence, tampering, self-inflicted damage, or abuse will incur charges for repairs, replacements, and labour.

EXCLUSIONS

All product and workmanship warranties exclude:

- Abuse or self-inflicted damage by the client;
- Malicious damage;
- Fire;
- Natural disasters;
- Any "Act of God".

Solar Europe (Pty) LTD will not be liable for any damage or losses to property, or loss of income due to delays on site, which is out of our control.

INVOICING & PAYMENT

Only after the commissioning, COC, and SLA have been finalised can the installer and the independent electrician invoice Solar Europe for their respective fees. Both parties can choose to have the funds paid directly to them or kept as credit by Solar Europe. If either party does not provide an invoice within 7 working days after finalizing the installation, the respective party forfeits their right to these funds.

SPECIAL ARRANGEMENTS

This clause ensures that any deviations from the standard procedure are managed effectively and that Solar Europe retains control over the quality and execution of its services.

I. Definition of Special Arrangements

A job will be classified as a "Special Arrangement Job" under any of the following circumstances:

- a. The installer provides a quote directly to the client, bypassing the standard quoting procedures of Solar Europe.
- b. Any changes, alterations or deviations occur from the Solar Finance Procedure due to actions or requests from the installer or the client.

II. Additional Administrative Fees

Special Arrangement Jobs will incur additional administrative fees, calculated as a percentage of the quoted value. The percentage and total fee are determined at the sole discretion of Solar Europe. These fees are designed to cover the additional administrative work and recourses required to manage non-standard arrangements.

III. Payments of Fees

The installer is responsible for paying the additional administrative fees before the commencement of the installation. Payment of these fees is mandatory within 7 working days of being charged by Solar Europe.

IV. Consequences of Non-Compliance

If the installer fails to pay the required administrative fees under these terms:

- a. Solar Europe reserves the right to reassign the client to another approved installer without further notice;
- b. The original installer forfeits any right to the project, including any potential earnings or credits related to the job;
- c. Solar Europe will not be liable for any losses or damages incurred by the original installer as a result of the reassignment;
- d. Revocation of the installer's Solar Europe Approved Solar Installer status.

LEGAL

These terms and conditions shall be governed by and construed under the laws of the jurisdiction in which Solar Europe (Pty) LTD operates. Any disputes arising out of or in connection with these terms and conditions shall be subject to the exclusive jurisdiction of the courts in that jurisdiction. If any provision of these terms and conditions is found to be unenforceable or invalid, that provision shall be limited or eliminated to the minimum extent necessary so that these terms and conditions shall otherwise remain in full force and effect and enforceable.

AMENDMENTS

Solar Europe (Pty) LTD reserves the right to amend these terms and conditions at any time. Any amendments will be communicated to existing Solar Europe Approved Solar Installers promptly.

ACCEPTANCE

As an end-user, by submitting a solar asset finance application and as a solar installer, applying to become a Solar Europe Approved Solar Installer, you acknowledge that you have read, understood, and agree to be bound by these terms and conditions.

By signing this document, you confirm that you read, understood, and agree to be bound by these Terms and Conditions for all solar financing dealings with Solar Europe whether directly or indirectly.

SOLAR FINANCE STOCK RELEASE AGREEMENT

This Stock Release Agreement (“Agreement”) is entered into on date 20____ / ____ / ____, by and between Solar Europe (Pty) LTD, a company incorporated and existing under the laws of South Africa, with its principal place of business at 541 Lavander Road, Onderstepoort, Pretoria, Gauteng, South Africa, 0110 (“Supplier”), and [Installer Company Name] _____ a [Type of Business Entity] _____ registered under the laws of [Jurisdiction] _____ with its principal place of business at [Address] _____ (“Installer”).

RECITALS

WHEREAS, the Supplier is engaged in the business of supplying solar products and equipment under the terms and conditions of solar financing;

WHEREAS, the Installer is engaged in the business of installing solar systems for end-users under the terms and conditions of solar financing;

WHEREAS, the Installer requires the release of stock from the Supplier to proceed with the installation without immediate payment following the go-ahead from a registered credit provider regarding a Solar Finance transaction.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, the parties agree as follows:

1. Stock Release

1.1. Release of Stock:

Upon receipt of the go-ahead from the bank, Solar Europe agrees to release the stock as quoted to the end-user to the Installer without receiving immediate payment. The stock shall consist of all the materials, products, and equipment listed in the detailed quotation provided to the bank for final finance approval.

1.2. Title and Risk:

Title to stock shall remain with Solar Europe until the completion of the installation, commissioning, issuance of the Certificate of Compliance (COC), and signing of the Service Level Agreement (SLA) by the end-user. The risk of loss, theft, damage, or destruction of the stock shall transfer to the Installer upon release of the stock.

2. Installer’s Obligations

2.1. Responsibility for Stock:

The Installer acknowledges and agrees that they are fully liable for the stock from the time of release until the commissioning, issuance of the COC, and finalization of the SLA. The Installer must take all necessary precautions to protect the stock from damage, loss, theft, or any other risk.

2.2. Completion of Installation:

The Installer shall complete the installation in accordance with the agreed timeline and specifications provided to the end-user. The Installer ensure that the installation is carried out in a professional and workmanlike manner, compliant with all applicable laws, regulations, and standards.

2.3. Issuance of COC and SLA:

The installer is responsible for providing a time and date for issuance of the COC by the independent electrician as outlined in the terms and conditions provided by Solar Europe. The installer must also ensure that the SLA is signed by all relevant parties, including the end-user.

2.4. If any stock is lost, stolen, damaged, or destroyed before the commissioning, issuance of the COC, and signing of the SLA, the Installer shall be liable for the full replacement cost of the stock. The Installer must either replace the stock at their own expense or reimburse Solar Europe for the cost of replacement.

3. Warranties and Representations

The Installer represents and warrants that:

- They have the legal authority to enter into this Agreement;
- The installation will be completed by qualified personnel in compliance with all applicable laws and regulations;
- They will take all necessary steps to protect the stock from damage, loss, theft, or destruction.

4. Indemnification

The Installer agrees to indemnify, defend, and hold harmless Solar Europe, its officers, directors, employees, and agents from and against any and all claims, liabilities, losses, damages, costs, and expenses (including reasonable attorneys' fees) arising out of or related to the Installer's handling, storage, use, or installation of the stock, including but not limited to any claims related to damage, loss, or theft of stock.

5. Termination

5.1. Termination by Solar Europe:

Solar Europe may terminate this Agreement immediately upon written notice if the Installer breaches any of the terms and conditions of this Agreement or fails to comply with any obligations hereunder.

5.2. Effect Termination:

Upon termination of this Agreement for any reason, the Installer shall immediately return any unused stock to Solar Europe or compensate Solar Europe for the value of the stock.

6. Miscellaneous

6.1. Governing law:

This Agreement shall be governed by and construed under the laws of South Africa. Any disputes arising out of or in connection with this Agreement shall be subject to the exclusive jurisdiction of the courts of South Africa.

6.2. Entire Agreement:

This Agreement constitutes the entire agreement between the parties and supersedes all prior agreements, understandings, or representations, whether oral or written, regarding the subject matter hereof.

6.3. Amendments:

No modification or amendment of this Agreement shall be valid unless in writing and signed by both parties.

6.4. Severability:

If any provision of this Agreement is found to be invalid or unenforceable, the remainder of the Agreement shall remain in full force and effect.

6.5. Notices:

Any notice required or permitted to be given under this Agreement shall be in writing and shall be deemed duly given delivered by hand, sent by registered mail, or sent by email to the addresses specified by the Installer in their application to become a Solar Europe Approved Solar Installer.

SIGNATURE

By signing this document, you confirm that you read, understood, and agree to be bound by the Terms of this Agreement for all dealings with Solar Europe relating to the release of stock and solar financing.
